

Retail Edition

A unified commerce solution

“Acumatica has really allowed us to step into what it means to truly be a connected and digital business.”

– Bryan Papé, Founder & CEO, [MiiR](#)

A Complete Business Management Platform for Omnichannel Sales

Sell anywhere with Acumatica Retail Edition, a modern solution that streamlines operations and drives growth. Sync seamlessly with Amazon, Shopify, and BigCommerce, ensuring smooth order fulfillment, accounting, and reporting. Connect directly with POS devices for brick-and-mortar, showroom, or counter sales. Expose inventory levels to buyers through secure storefronts and customer portals with self-service order tracking.

Leverage AI-driven analytics to identify trends and prevent issues. Deliver personalized pricing, loyalty programs, and superior customer support with built-in CRM. Manage returns across channels and make informed decisions with dynamic reports and actionable dashboards. Built for scalability, Acumatica ensures effortless adaptability as your business evolves—giving you a competitive edge.

Empower Everyone with Role-Based Dashboards, Seamless Collaboration, and Intuitive Navigation

Acumatica's modern ERP applications streamline operations on a single, connected platform for employees to manage daily tasks and strategic goals. Improve customer satisfaction and drive long-term growth with role-based dashboards, configurable workflows, and embedded AI.

“A big feather in Acumatica’s cap is that they were able to understand what we were trying to do (integrate some 80 Shopify sites to facilitate drops) and accomplish it in a world that didn’t really exist four years before.”

– Mark Bubb, Co-Owner and Chief Operating Officer, [Killer Merch](#)

Commerce & Point of Sale

Acumatica's native integrations with Amazon, Shopify, and BigCommerce enable you to connect your digital commerce storefront with Acumatica's financials, inventory, product information, and fulfillment—in real time.

Order Management

Streamline your purchasing and sales processes with automated order management that eliminates manual tasks and ensures accuracy. Easily create, track, and approve purchase orders while maintaining clear visibility into costs and vendor commitments. Efficiently manage sales orders with flexible pricing, discounting, and order fulfillment tools that enhance customer satisfaction.

Financial Management

Simplify accounting, automate invoicing and payments, and ensure accuracy effortlessly. Make smarter decisions with real-time insights from intuitive dashboards. Streamline approvals and cash management to boost efficiency and reduce errors. Manage expenses, track profitability, and optimize budgets with tools that keep you financially agile and positioned for success.

Inventory Data Management

Gain full inventory control with real-time tracking to minimize shortages and overstock while optimizing fulfillment. Automate replenishment with forecasting, eliminating guesswork. Streamline transactions, increase turns, and reduce carrying costs with powerful analytics. Whether managing warehouses, coordinating shipments, or adjusting pricing, Acumatica keeps operations smooth and profitability high.

The Adaptable Acumatica Cloud ERP Platform

The Acumatica Cloud ERP platform is built on the world's best cloud and mobile technology, providing the tools business users need to reimagine an interconnected world.

The architectural framework and application development platform leverage new technologies with user-driven feedback, empowering business users to tailor the system with role-based security and low-code and no-code customization tools for a personalized ERP experience. Developers can easily customize and extend the application to meet unique business and industry requirements.

Acumatica allows users to modify workflows, rearrange screens, customize reports, build dashboards, and tailor the system without writing code. Transform your business, collaborate across departments, and prepare for growth with a business management platform that adapts to your evolving needs.

SPS COMMERCE

“Because our inventory is tied to our eCommerce site, a customer can now see what’s available and be able to predict when they’re actually going to have it in their house and ready to use.”

– Amanda Datte, CFO, [Clive Coffee](#)

Acumatica Cloud ERP is a comprehensive business management solution that was born in the cloud and built for more connected, collaborative ways of working. Designed explicitly to enable small and mid-market companies to thrive in today's digital economy, Acumatica's flexible solution, customer-friendly business practices, and industry-specific functionality help growing businesses adapt to fast-moving markets and take control of their future.
